

West Ridge Academy

Finding Hope and Healing

Dec 3, 2010

Snowboarding Classes

Snowboarding lessons started yesterday. There are eight students that go once a week to the Park City Ski Resort where they learn how to snowboard or ski from the National Ability instructors. For many of them it's the first time snowboarding and a great opportunity to find a new activity they enjoy. They have a two hour lesson then the rest of the day is spent with our recreational staff practicing what they've learned.

Sub-4-Santa's

It's that time of year again when hopefully our thoughts gravitate to those in need. 2010 has been brutal for many of the families and friends that we have in our midst. There are going to be many that won't be able to provide even the most basic of Christmas' for their families. We are in need of contacts with businesses that are looking to do sub for Santa projects. We need money to buy basic necessity items like socks, coats, shoes and hygiene items. If you or your family would like to sponsor a West Ridge student or one of the many other families that will be referred to us just let us know. Games are a big item because the entire family can participate and enjoy the game. We have a lot of stockings to stuff and candy of any type, pencils, pens, gum etc. fit into the stockings very nicely. Try to think outside the box on who you can contact that might donate to the cause. Mountain America was contacted by one of our former moms and they are going to donate stockings for all of the students at West Ridge. I will however still have a large demand for about another fifty stockings and things to put in them.

If you have anyone in mind that will need our assistance this year please e-mail me with the information and we will be glad to help if we can. We truly appreciate anything that you can do for us in this very worthy cause. God bless you all for your efforts.
